

MEDIUM TOW WINCH Model MTW-5042L-30

The SOSI Series MTW-5000 Medium Tow Winches have been designed for medium towed body deployment and similar marine operations. They are portable and easy to install on your own vessel, or vessels of opportunity. Their high quality, rugged steel construction and epoxy finish provide long life even in the harshest marine environments. Their simple, low maintenance design and proven components insure reliable operation that you can depend upon. The Series MTW-5000 Medium Tow Winches can be acquired in a variety of drum widths with standard and optional features as listed below.
